

Non-Medicated Preventative Products

With parents' written approval, Wanamaker Early Learning Center staff members may administer non-medicated preventative products. Families wishing to provide written approval should sign all that apply and will be asked to supply the products to Wanamaker Early Learning Center for your child/children. All products must be clearly marked with your child's name. Provided products can not be shared, even with children in the same family. Products must be given directly to the teacher and not stored in the cubby.
